

Administrator/ Registrar
Erin Boulet

Hi, I'm Erin and I am the Administrator/Registrar for the Knights Hockey Club. I have been working with the Knights since its inception and I have loved seeing this hockey club grow into the amazing community it is now!

I started my career as a minor hockey Administrator 9 years ago and have worked with a few associations within Hockey Calgary. As a mom of a son that played hockey from age 7 to 16, I have seen and continue to see the benefits of team sports firsthand. I believe strongly in the connection between mental and physical health in our youth and am passionate about building a program that our players can thrive in.

What can you expect from me? Lots and lots of emails! I'm here to support you and help with any questions you have. Communication is key to continuing to build a strong KHC hockey community.
