

Director of Age Groups

My name is Charene Welsh-Mattson and I am a proud hockey mom of two Knights players (U9 and U11).

I am in my first year of the position of Director of Age Groups, and am excited to work with the incredible team we have assembled, both the Age Group Coordinators themselves, and the existing Board of your hockey club. I have held positions in my previous years including team manager and U9 Age Group Coordinator.

My goals for our Age Group Coordinators are timely communication to our membership; organization and cooperation during evaluations; and consistent engagement both at the rink and through written correspondence. We are a group in direct contact with all our membership, and we will work to keep you informed and involved.

My other goal in this position is to work with the Off-Ice team and team managers to ensure our players have a wonderful experience this year.

My professional background is a Physical Therapist and I work at Chaparral Physio and Massage and my other volunteer role includes School Council secretary.

I am excited to see you and your player at the rink this year - Go Knights!
