

Hello Knights Families,

The City of Calgary announced on Sept 22, 2021, that as of Sept 23, they are implementing a new *COVID 19 Vaccine Passport Bylaw*.

This means that participants age 12+ are required to show proof of vaccine to enter facilities within the City of Calgary.

We have been advised that our facilities will be complying with the COVID 19 Vaccine Passport Bylaw to continue with the 2021-22 Hockey Season. The Knights Hockey Club needs to follow all guidelines set out by the facilities we utilize or risk losing our ice contracts.

- Hockey Calgary and our Member Associations have NOT mandated a vaccine requirement, but we are required to follow the facility protocols.
- Hockey Calgary and our Member Associations do NOT own the facilities (we are user groups)

The current restrictions are:

- Anyone 12 and over is required to show proof of vaccination to enter the facilities we play. Or present an original copy of an exemption from a doctor. Or provide a negative test using either a PCR test or a rapid test using a Health Canada approved test. Test cannot be administered by AHS.
- If it is a single dose, it must be more than 14 days prior to entry.
- Everyone over the age of 18 is required to show photo ID.
- As of Oct 25th double vaccination is required for entry.

While our home arenas (Cardel & Lake Bonavista) are continuing to screen at the door, the processes are different at some other rinks. Some rinks are requiring the user groups to pre-screen participants and spectators prior to the ice time. In preparation for teams attending tournaments and away games, we need to start collecting that information.

In order to maintain confidentiality and security, we have formed a Privacy Committee. This committee will consist of the KHC President, the KHC Vice President of Safety & Governance and the KHC Administrator. Only members of the Privacy Committee will have access to see your proof of vaccination.

Please see the below requirements that will take effect immediately for all KHC players 12 years and older, staff (Coaches and Managers), volunteers and spectators.

Players under the age of 12:

- Screen for Symptoms prior to each ice time – [ONLINE ASSESSMENT FORM](#)
- Parents and any other family members that will be entering the facilities must be added to the spectator proof of vaccination form – [SPECTATOR PROOF OF VACCINATION](#)
